

ASP15 Blast Chiller & Shock Freezer

Features:

- ◆ 304 stainless steel interior and exterior
- ◆ **Adjustable Multi Rack tray holder** > 5 GN 1/1 or 5 600x400 or 5 660x 460 or up to 4 ice cream trays of size 360x165x120 per level
- ◆ Removable tray holders
- ◆ **Cooling capacity: 4813 W**
- ◆ **Capacity per cycle: Chill > 60kg +90° ~ +3°C / Freeze > 40kg +90° ~ -18°C**
- ◆ Ambient operating temperature: 43°C
- ◆ Touch control on top of the unit with user-friendly graphic display
- ◆ Cycle controlled by core probe or timer
- ◆ Pre-set recipes
- ◆ Equipped with HACCP function
- ◆ Fish sanitation cycle
- ◆ Larger evaporator fan improves airflow and heat extraction
- ◆ Reversible door
- ◆ Top of the market cooling and energy saving performance
- ◆ Anti-condensation door frame
- ◆ Hot gas defrost system
- ◆ Self-closing door
- ◆ Easy to clean magnetic sealing gasket, replaceable without tools
- ◆ Insulation with high density HDPI polyurethane 70mm thickness
- ◆ Composite fan blade with low temperature bearing
- ◆ Condenser protection easily removable for cleaning with any tools.

Technical Information

Model	ASP15
Load Capacity	15 trays GN 1/1, 600x400, 660x460
Space between Trays	70 mm
Power	3.5 kW
Voltage	400 V / 3 Phases
Outside Dimensions (WxDxH)	870x870x1905 mm
Weight	225 KG
